

INTERO

Easy access support network
for **GreenTech innovators.**

PP Plus is designed to help create a more sustainable and environmentally friendly future by supporting the growth of technological innovations in the UK.

The PP Plus partner network, founded by PP Control & Automation, is a carefully curated collective, selected with discernment and purpose. They share a unique blueprint for better collaboration.

Clean energy, future mobility, agritech, circular technology...

However you're determined to make an impact, PP Plus will be of influential service and deliver the opportunity to truly make your mark!

PP Plus offers three pillars of support that give access to hundreds of capabilities, services and methods to help you rise through seed investment, to the flourishing market debut of your groundbreaking green technology.

Manufacturing

Partner with industry experts to unlock resources, manufacturing capabilities, market insight, and product development acceleration.

Business

Access consultants and partners, supporting growth through grants & funding, marketing strategy, planning and scaling up coaching.

Academia

Support through collaborative research, testing facilities, and academic partnerships, fostering technology development and validation.
